

# Wrap up Panel

## ■ Key Words

1. Crossover Collaboration
2. Different Approach (scenario) for each Country
3. Continuous Relationship and Collaboration
  - ✓ Roadmap
  - ✓ Standardization
  - ✓ Frequency Harmonization
  - ✓ Service Application (V2X, IoT)
  - ✓ Fields Trial
  - ✓ Verticals (DSRC, LTE/5G-V2X)
4. Security on 5G

# What is Crossover Collaboration

- Crossover collaboration means a barrier-less cooperation between various industries.
- 5G Mobile Communication enables lowering of barriers through its enhanced capabilities.
